

Christ the King Lutheran Church

Youth Ministries meeting Minutes September 25, 2007

Attendees

Dan Skibba, Caitlin Porpiglia, Steve Hanson.

Hammonasset

All feedback was positive. Attendees liked the group and the speaker. Everyone liked the band.

Worship was good. It was completed in an hour. This was a plus on a hot morning.

Wide game was confusing. Station captions had to stand in line to get handouts that could have been distributed at check-in. There were two station sevens. A general overview for leaders to go over with kids at their site would have been helpful

Campfire was a hit. We hope to organize it a little better with a theme next year.

CtK you did the Saturday night devotions in the amphitheater. They went well.

There were some toilet issues in the women's bathroom that were not addressed. Also, by any objective standards, the toilet paper was inadequate. We will bring our own next year.
